Should have never met cupid
There's a million fish and ama dive right in
Ama forget you with a bottle of gin
Feel free tell your friends I wasn't worth it
That I was wicked and thirsty
One minute you in love , next minute now you want
some space
Man this is too much stress
Yeah Life's too short your drama, you can take it right
out that door
Man some things don't last that long
Now all we got is heartbreak song
And what you sayin?

Verse 1 (Virtue)
Peace over war we need a break from the madness
Everybody trying to prove badness
So let the guns rest a little while
And I pray that the shottas get spiritual
Maybe we can heal the world with these harmonies
Cause these children need a place they can live at ease
See? that's why we nice up the place for
Instead fighting get on the dancefloor
No more smiley faces for your evil ways
Can you explain why you taxin us like every day?
When the roads got more holes than old clothes
And they got revolutionaries on death row
Its one time bruh, keep it a buck with us
No false promises
As you see we sick and tired of your politics
What we demand is better healthcare, better welfare
I wonder how you sleepin at night.

Chorus 1 (KIM of Diamonds)
I wanna see peace, peace (peace, peace)
(To all my people 'round the world)
Peace, peace, peace, peace
(To all my people 'pon the earth) (repeat)

Verse 2 (KIM of Diamonds)
We forget life is what we make it
It's heaven sent how we all connected
But we still find love.... is one of the rarest things
Our leaders don't seem to care enough
Today they promise, today they promise
Tomorrow they go back on their word, on their word
Today they promise, today they promise
They putting money in their pockets
They put silencer on their conscience

Chorus 2 (KIM of Diamonds)
I wanna see peace, peace (peace, peace)
(To all my people 'round the world)
Peace, peace, peace, peace
(To all my people 'pon the earth) (repeat)

Bridge (KIM of Diamonds)
When God When, will my people be free?
Nobody dying, nobody crying
Will my people be free?
